City of Bartlett, Tennessee Industrial Development Board - Payment-in-Lieu-of-Tax (PILOT) Program

The City of Bartlett government, through the Bartlett Industrial Development Board of the City of Bartlett, Tennessee (“BIDB”), offers the payment-in-lieu-of-tax (“PILOT”) incentive to companies expanding or locating in this community in order to stimulate business growth and foster job creation. Companies that obtain a PILOT through BIDB can pay reduced Bartlett and Shelby County real property taxes and/or personal property taxes for three or more years, depending on the project criteria established by BIDB and listed in the BIDB PILOT Program Policies and Procedures.¹

About the PILOT Application

The Payment-in-Lieu-of-Tax Application provides BIDB with specific information about the Project. The information serves as the basis for fiscal analysis and overall Project evaluation.

Pre-Application Meeting

Applicants should meet with a member of the BIDB staff prior to the submission of a full PILOT Application. This meeting is to familiarize all parties with the Project and serves to inform the Applicant about the PILOT policies as well as the general submittal process. Basic application information containing estimates on the number of jobs, wages, benefits, capital investment, and potential location, should be prepared by the Applicant for this meeting.

Please note that any document provided by the Applicant to the BIDB staff or Board is subject to public disclosure pursuant to the Tennessee Public Records Act, codified at Tennessee Code Annotated section 10-7-503, et seq.

When is the Application Final?

It is not uncommon for an Applicant to submit Application drafts for informational and evaluative purposes only. As conversations continue, the Applicant will submit a final version of the Application that includes all of the terms agreed to during the discussions.

Who is Authorized to Approve the PILOT Agreement and Lease Agreement?

¹ PILOT terms are generally limited to a maximum of fifteen (15) years. In addition to approval by BIDB, PILOT terms exceeding fifteen years require approval of the Shelby County Board of Commissioners and, if the Project is located in whole or in part within the City of Bartlett, approval by the Bartlett Board of Mayor and Aldermen. PILOT terms longer than twenty (20) years also require approval by the Tennessee Commissioner of Economic and Community Development and the Comptroller of the Treasury. See Tenn. Code Ann. § 7-53-304(b)(1).

The City of Bartlett and Shelby County have delegated to BIDB the power to represent Bartlett and Shelby County in discussions regarding PILOT incentives. All conversations between the BIDB and/or its agents and the Applicant should be entered into with the understanding that any and all elements of the PILOT are subject to the approval of the Board of Directors of BIDB.

What Other Documents are Required for the Application?

In addition to other documentation required as set forth in this Application form for specific types of companies and for Applicants seeking Special Incentives, all Applicants must provide the following:

- Completed Application form;
- Vicinity Map of the Project location;
- Property tax record from the Shelby County Assessor's Office for the real property of the Project location, if real property benefits are being sought;

Please complete Section 11. In determining the number of jobs for this Project, please use the following definitions:

Average Annual Basis – If employment varies during the year calculate the annual average number of jobs based upon summing the total number of jobs employed by the Project on the first day of each calendar month during the calendar year then dividing by 12.

Full-time Job – Any job position that provides employment of 1,600 hours or more within a year that is employed directly by the Applicant or employed by a contract employer on behalf of the Applicant.

Full-Time Equivalent (FTE) – A combination of permanent job positions that together provide 1,600 or more hours of employment within a year. For example, two jobs that provide 800 hours of employment each equal one Full-Time Equivalent Job.

Annual Wage – The total annual pay for a job position including budgeted, regularly occurring paid overtime, paid vacation, and paid holidays.

PILOT Job Eligibility Notes:

Benefits – Generally, non-wage compensation provided to Project employees in addition to their normal wages or salaries, must include at a minimum medical benefits where the employer pays at least 50% of the cost of the medical insurance premium for those jobs to be considered as a PILOT Project job in determining PILOT eligibility and compliance.

Wages – Generally, the wage received by an employee or Contract Employee must be at least \$10 per hour for that job to be considered as a PILOT Project job in determining PILOT eligibility and compliance.

Jobs – New jobs must be employed within the Ramp Up Period of the PILOT, customarily two (2) years. If jobs created beyond the Ramp Up Period are to be considered, additional copies of Section 11 must be submitted showing the annual average basis jobs for each additional year of ramp up.

These terms and definitions are subject to any qualifications and exceptions set forth in the BIDB PILOT Program Policies and Procedures.
